Photo quality degrades with enlargement more than with shrinking. Therefore, photos should be submitted in their original size and quality. We will scale them for publication. Printed photos can be scanned if you do not have access to the jpeg.

For a business add, if you can only provide your logo in a bitmap format, then the file types (in order of preference) are PNG, GIF, TIF (or TIFF), and JPG (or JPEG). If you send a JPG file, then send one at the highest quality (the least compression) possible. Bitmap logos need to be the exact size. If you cannot provide the bitmap graphic at the exact size, bitmaps survive shrinking better than enlarging, so it's better to send a file that's slightly too large than an image that's too small.

Sending Files: Files totaling less than two megabytes in size can be sent directly to the webmaster via email (looneybandmom@yahoo.com). For files totaling more than 2Mb, burn them to CD and mail them to the Band's address. Band parents can also deliver their files on CD, memory card, or thumb drive to Lisa Terrell at Band Booster Meetings through March, 2009.

Deadline is March Band Booster Meeting
